Harvest Partners

Volume 2, Issue 3

Greetings to you our dear friends. We thank God for your prayers and support. It is very important for us and we see the results.

Let me share with you the testimonies from our church members.

Natasha was very ill. The doctors couldn't help a lot, so she left her job and stayed at home. One day, her Christian neighbor invited her to church. She went to church hoping for healing. She didn't see healing that day, but she experienced spiritual birth and fell in love with the Word of God. She had a lot of free time and got to spend hours reading the Word of God. After a while, she felt a surge of strength and her illness completely receded.

Natasha is convinced that the Word of God is a medicine and it heals spiritually and physically. Now her husband and children serve God.

Leonid was 12 when his mother died, and his father drank heavily. Leonid's aunt tried to take care of him, but he thought he was mature enough to take care of himself. He lived as he wanted. At that young age, he began to drink. In winter he had to sleep in the basements of houses, and in the summer in the woods. He ate what he would find in the streets and in the woods. When hunger became unbearable, he returned to his aunt. His aunt had come to God and invited Leonid to church. And he came! On that day the pastor preached that God is our Father. Leonid wanted to have a father, so he started going to church. He accepted Jesus as his Lord and his life began to change. God gave him a song writing talent. Through time, Leonid met a girl, Natasha, in the youth camp. They fell in love and got married. Now they are expecting their first baby, and Leonid says, "I want to be a good father."

More than a month ago, we started a youth ministry "HOME." We have had three events so far. A lot of non-Christian youth comes and they enjoy it. We decided to start an alpha course soon. It will help new people to grow.

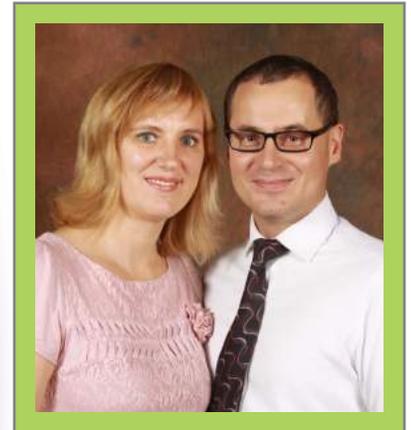

Please, pray that we will be successful in it.
