## NATIONAL OVERSEER VISITS DJAMBALA AND NGO DISTRICTS

Recently, I took a 9-day journey which ended on March 23, 2015. I travelled through the districts of Djambala and Ngo to comfort sisters and brothers in local churches and to encourage them to attend our upcoming national convention which will take place at the Ngo Centre local church in Department of Plateaux.

I left Brazzaville traveling by bus, along with Pastor Dorian, going to Lekana by Djambala city. And two hours after leaving, the bus broke down. Once the

mechanic finished the repairs, we restarted our route, and arrived late in the afternoon at the Mowé local church—our first stop in our missionary journey.

The local church members led by Pastor Mpio Boniface warmly welcomed us as soon as we stepped off the bus. Shortly after our arrival, a big windy rain fell upon the village delaying our worship service for over an hour. The heavy rains also prevented many brethren from attending the meeting.

We gathered in the living room of Pastor Boniface's home where I began teaching the subject entitled **THE MYSTERY OF FAITH**, based upon Ephesians 1:15-23. Paul, the Apostle of gentiles having been told that the Ephesians had faith in Jesus Christ, and loved the saints of God, did not cease to mention them in his daily prayers. He prayed fervently that God would:

1. Give the Spirit of wisdom and revelation of His knowledge that they may know how to serve God in His justice, and know Him in His knowledge according to His own revelation.
2. Illuminate the eyes of their hearts that they understand the great hope hidden in His call—"those He called, He also justified; those He justified, He also glorified," Romans 8:30.
3. Make them see "the riches of His glorious inheritance in the saints," that no one fall short in His hope and lose temper in the church service, but remain confident in God's promises.

4. Pour upon them through their obedience to Him, His supreme great power which deployed on the resurrection of JESUS CHRIST and which is destined to the believers; that they may be capable “to trample on the snakes and scorpions, and to overcome all power of the enemy, and that nothing will harm them.”
5. Make them know that JESUS CHRIST is above all which can be named “not only in this age, bus also in the age to come and the Church of God is His body, the fullness of God who fill up all believers with His Holy Spirit; that they may be courageous and walk like lions.

The Great Presence of God, our Lord, was manifested through wonders, miracles, and signs among the people gathered together.

National Overseer Teaching at Nsah

On Sunday we traveled by motorbike from Mowé for about an hour to arrive at Nsah local church in the district of Ngo. The local Pastor and his local committee friendly welcomed us.

We enjoyed their Sunday worship service and my message was the same as at Mowé, **THE MYSTERY OF FAITH**. Sisters and brothers were deeply touched by this teaching, and many of them saw themselves disproved for having dead faith, or faith without deeds.

More than 23 people repented for themselves of having superficial faith, and decided to resuscitate from the dead and walk in the true faith in Jesus Christ. The Great Presence of our Lord Jesus Christ filled the church edifice and many signs, wonders, and miracles were performed by His Holy Spirit operating powerfully in us.

On Monday, we had the first group of teachings

concerning **THE FINANCIAL PLAN OF GOD** which are: Tithes, Premises, and Ordinary Offerings or Gifts

Then on Tuesday, we closed our two days seminary about the financial plan of God with the last group of teachings about love offerings, promises, and liberalities. We were visited once more by Holy Spirit when we were glorifying Jesus Christ among the assembly of believers through a great animation of songs and dances for His glory.

Worship and Meeting at Nsah

As we were leaving Nsah local church by motorbike to Mbe Okala local church, I received a call from Brazzaville informing me that my daughter, Joelle, was seriously ill and they were immediately taking her to the hospital.

I began to pray inwardly while riding on the motorbike and the local secretary who was driving did not even know the matter until we arrived at Okiene local church where we were dropping off our bags for the other part of our trip. As I got down from the motorbike, I walked a little piece and began to intercede fervently for my daughter. I called Brazzaville and they told me that she opened her eyes and spoke. As we traveled on to the Mbe Okala local church and upon arrival, I went away by myself and began to pray again. I called Brazzaville and they said she was sitting up and drinking juice. They gave her the phone and I spoke with her. The pastors asked me who is ill and I told them that it was my daughter, Joelle. As we entered into the church hangar during another big rain, I began to preach about **THE FINANCIAL PLAN OF GOD** as I had in the other churches.

As soon as we were at the end of the preaching, another big windy rain fell again obliging us to run into the house of our local pastor. We stayed there until 10:20 pm, and when the rain subsided, we returned to Okiene where we would stay until Friday afternoon.

Early Thursday morning, my wife called me saying that the health estate of Joelle is much worse and they were returning to hospital. I asked her to place her phone up to Joelle so I could pray for her and she did so. Then, I went out of the house walking about one kilometre of distance, sat down on the side of the road and began to pray fervently for my daughter. Forty minutes later, I called my second son, Steve, who told me that she was sitting up and talking with the physicians. I then returned to the pastor's house and continued in prayer along with the other pastors.

Later that afternoon, we started our worship service in the local church and I taught once again about the financial plan of God. All the people gathered together were effectively attentive. And, while we were interceding, Holy Spirit of JESUS CHRIST visited us mightily, meeting many needs of our people so that our brethren could cease singing and dancing for the glory of God present.

Those who had special spiritual needs came to me one after another for personal fervent prayer. They brought me a paralyzed woman who for 3-1/2 years could not stand up, nor use her legs to walk. After prayer, she stood up, took my hand, and walked around in the church.

We were not able to get a car, so we took a taxi and headed to Ngo Centre local church where we arrived warmly welcomed by the pastor and committee. Since they had been waiting for us quite a while, we went straight into the church hangar and started our seminar teaching about finances.

Saturday morning, all the local pastors came to meet me for a regional meeting. We spoke about our next National Convention set for July 10-12, 2015 at the Ngo Centre local church. In the afternoon, we went on with our seminary during which I taught about love offerings on first and fourth Sundays and then we adjourned. .

The Sunday worship service started with a vibrant devotion animated by young singers and dancers of the local Sunday school. And, the message was once again about **THE MYSTERY OF FAITH**. **Five (5) new members joined the church by covenant, and 18 people received Jesus Christ into their hearts.**

Also, those having personal problems came for spiritual counsel and prayer. Monday morning, we said goodbye to the local committee and headed to the bus stop. After a lengthy wait, a trucker from Oyo City where he bought construction materials accepted our plea to take us to Brazzaville. We finally reached home late that evening—tired, but not discouraged.

Glory to GOD Almighty for His grace and mercy through His Only begotten Son, JESUS-CHRIST, our LORD and SAVIOR.
