Harvest Partners

Volume 3, Issue 3

Dear Harvest Partners,

A powerful 6.8-magnitude earthquake hit central Myanmar on August 24th. The earthquake was so intense that it was felt in Bangkok, about 620 miles (1,000km) away. To the west, in the Indian city of Kolkata, buildings shook and the underground railway was temporarily shut down to prepare for aftershocks.

Firstly, I would like to make known to you that we were able to provide temporary shelters for our brethren in Magway area since the earthquake which occurred had destroyed six houses. However, by the grace of God, no one was injured.

Secondly, due to the heavy and nonstop rain, especially in the Ayeyarwaddy region, about 20 acres of rice fields which belongs to our church members in Christ are destroyed. Since these rice fields are their main resource of food and income, they are now in a difficult living situation.

Finally, but not the least, I also want to let you know that many believers are starving and suffering due to the civil war. Many of them become victims as the flood victims increase day by day. They are in need of our helping hands, whereas we are not able to stretch out our helping hands towards them.

Kind regards,
Bishop Chin Kang Mon
Myanmar National Overseer
